

February 2019 Friend and Family Results

Additional Comments from our patients this month:

I was given the time and reassurance that I needed

Prompt and efficient throughout the whole service

Always so helpful and follow up is thorough

I had a very thoughtful, helpful and constructive consultation with Dr Harrison who, as well as being very friendly, really listened to and engaged with me. I came away feeling extremely positive about dealing with the problem I took to him.

Very helpful and informative, nothing was too much trouble
