

Friends and Family Results April 19

Additional comments from our patients this month:

Port view surgery is excellent. It makes me feel cared for, Dr Sissons is one of the most patient and understanding doctors' I have known. The receptionists are always polite, helpful and happy. Keep up the good work and thank you.

I always feel cared for whoever I am seeing. Be it GP, nurse, sister or receptionist

Always polite. Very helpful and normally prompt on appointments

Confidence in Dr Webster-Harrison, and the surgery generally.

Always had a top rate service at Port View and would always recommend them
